Preparing the Construction Claims, recording the events for Delay, Disruption and Accelerati on. Extension of Time (EOT) and Claims. As Planned / As Built / Impacted Schedule analysis.

A competent professional with 20+ years of experience in the field of Project Management, managing Project Management Office, Design Management, Construction Management, Contractor Management, Vendor Management, Inspection & Expediting of Projects.

- * Mechanical Engineer / Industrial Engineer
- * Project Management Professional (PMP), PMI USA
- * Oracle Certified P6 Enterprise Project Portfolio Management Implementation Specialist.
- * Professional Diploma in Forensic Schedule Analysis, The College of Contract Management, UK

H.M.PANCHAL

FOUNDER'S PROFILE

- ✓ Worked with Larsen & Toubro Limited in the Project Department and involved into the Projects like Reliance, ONGC, BPCL, MRPL, Ordnance Factory, RCF, NFL, NPCIL.
- ✓ Worked with KLG Systel Limited, responsible for Pre-Sales and Sales of Project Management Software Primavera P6, Primavera Contract Manager, Primavera Risk Analysis, TILOS (For Linear Projects)
- ✓ Worked with Jacobs engaged into Engineering Consultancy projects, associated to their Unilever Alliance project.
- ✓ Worked on various projects like Oil & Gas, Power, Refineries, Fertilisers, Metal, and Infrastructure.
- ✓ Worked with clients like Reliance, BPCL, HPCL, BHEL, Tata, Birla Copper, Navy, ONGC etc.
- ✓ Worked with Inspection agencies like LRIS, SGS, EIL etc

MAJOR PROJECTS EXECUTED

- ✓ Responsibilities include Preparation of Project Plan for realignment of Bandra Worli SeaLink on Primavera P6, taking inputs from MSRDC and Dar Consultants.
- ✓ Currently leading the Planning Team for Larsen and Toubro Limited for their Mauritius Metro Project (Project Value Rs.3400Cr).
- ✓ Preparation of schedule in Primavera P6 for their High Speed Rail Project (Bullet Train) from Vapi to Vadodara 237.1 Kms under the guidance of L&T's Central Planning Team (65000 Activities) Rs.24000Cr.

Certifications

OUR SERVICES

PROJECT MANAGEMENT & CONSULTANCY

Our knowledgeable staff of project professionals draws upon extensive and diverse to provide professional consulting services to our customers. Our management consulting offerings include: CPM Scheduling Services, and PM knowledge transfer
PREPARATION OF SCHEDULE,BASELINE SIGN OFF,MONITORING & CONTROLLING.

DEPUTATION

We Provide Industry experienced Professional of various disciplines and also Planning Professionals with Project Management Software skills.

AUDITING

Project Baseline Consultants help your organization ensure that it is getting the most out of the investment it has already placed in Oracle Primavera software applications

CLAIM MANAGEMENT

Preparing the Construction Claims, recording the events for Delay, Disruption and Acceleration. Extension of Time (EOT) and Claims. As Planned / As Built / Impacted Schedule analysis//Window analysis/Time Impact analysis.

SHUTDOWN PLANNING

We have experience and expertise of setting up and managing a Project Management Office for Shut-down / Turnaround Project for Refineries.

ABOUT TRAINING

CONDUCTED MORE THAN 500 TRAINING BATCHES

OBJECTIVE OF THE PROGRAM

To make the professionals comfortable in using the project management solution like Primavera P6 for better planning and controlling their projects.

AIMED AT

The Program is designed for professionals working on Projects or Project related assignments.

Project Managers (in-Charge of the Project to gain insight and control the Master plan integrating the various disciplines)

Project Engineers (Reporting to Project Managers and interacting with customers and Discipline Leads)

Project Controls Engineers (Supporting the Project Control Functions like Schedule Preparation, Tracking of activities and monitoring time and cost)

Functional Managers (Lead Engineers or Department Heads who want to efficiently manage their resources and track their activities)

Engineering Students and Fresher's (Who are aspiring to make a career in Project Management and get a competitive advantage over their peers by adding Primavera in their CVs and build up confidence)

VERTICALS

Engineering & Consultancy :To manage FEED, Detailed Engineering, Procurement and Construction activities.

Engineering, Procurement and Construction (EPC) : To Integrate the activities of all disciplines and manage internal and external stakeholders.

Power and Utilities, Infrastructure, Oil & Gas, Retail, Shipbuilding etc.

METHODOLOGY OF TRAINING AND FACILITIES

- An EPC project is taken as a case study and the participants enter and analyse the data by using the maximum feature of the software.
- Maximum 10 participants per batch
- Computer Based workshop
- Course material will be provided for future reference
- Excellent training facilities with Air Conditioned room, LCD Display
- Participants can practice after 5.30PM to 7.00PM

Primavera P6 Training Schedule

Day 1 – Preparing Global Data and Project Data

- Concepts of Enterprise-wide Project Management
- Project Management Lifecycle
- Defining Enterprise Project Structure (EPS)
- Defining Organization Breakdown Structure (OBS)
- Defining Project Codes and Project calendars
- Adding a New Project
- Defining Work Breakdown Structure (WBS)
- Defining Budgets and Top down Budgeting
- Adding Activities to WBS
- Defining and Assigning Activity Codes
- Organizing the project schedule (Grouping and Sorting)

Day 2 – Preparing Plan

- Different Types of Relationships
- Assigning Relationship between Activities
- Critical Path Analysis
- Defining & Assigning Work Products & Documents
- Customizing Timescale
- Customizing Bars
- Defining Resources, Roles, Resource Codes and Cost Accounts
- Assigning Resources to the Activities
- Assigning Expenses

Day 3 – Resource Analysis, Monitoring, S-Curve

- Analyzing Resource usage profile and Spreadsheet
- Analyzing Activity usage profile and Spreadsheet
- Creating Project Baseline and Monitoring the project
- Analyzing Resource for over allocation / Resource leveling / Resource Curves
- S-Curve
- Activity Steps

Day 4 – Security, Data Exchange, Reporting and Layouts

- Security Profiles and Users
- Earned Value Management
- Defining Thresholds & monitoring of Issues
- Export / Import project data through XER
- Check-In and Check Out
- Project Portfolio
- Understanding Constraints
- Page Setup
- Customizing Layouts / Grouping & Sorting / Filtering
- Notebook Topics & Reports
- WEB Site Publishing
